Statistics Request Description

On July 22, 2026, Research and Statistics received a request for a report of expungement petitions and their outcomes for the previous ten years for the specified counties of Jefferson and Fayette.

CourtNet, which provides a summary of Kentucky court cases statewide, was queried for the specific document codes for the petitions and applications for expungement documents (PEXC, AFEX, PEXA, OAE, or PEX) which were entered within criminal cases July 1, 2016, through June 30, 2026 for each county Jefferson and Fayette. Those cases were then queried to see if an order to grant or deny expungement exists, (OFXG, OFXD, OEXG, OEXD, OG or OD), through the date this report was generated. CourtNet was also queried for automatic expungement documents (OAE) entered for the same timeframe. Demographic data associated with the top Defendant Party within each case was also queried.

1. Expungement for Felony Conviction

Expungement for class D felony convictions and executive pardons in KRS 431.073¹

The felony conviction expungement law (2016 HB40), which came into effect on July 15, 2016, created a process for the expungement of *class D felony convictions* and for offenses that receive executive pardons.

The felony conviction expungement process has three court documents:

- **AFEX** is used for the application for expungements of felony convictions.
- **OFXG** is used when these expungements are granted.
- **OFXD** is used when these expungements are denied.

2. Expungement

Expungement of convictions for misdemeanor, violation and traffic infraction KRS 431.078²

Expungement of charges acquitted or dismissed *without prejudice* 431.076(1)(b) and

JEFFERSON AND FAYETTE COUNTIES

Statistics Request Description

Expungement of felony charges in District Court not resulting in indictment 431.076 (1)(c)³

The process that allows petition for the expungement of conviction for certain misdemeanors or traffic violations and infractions (including dismissed or amended charges), for the expungement of criminal offense charges acquitted or dismissed *without prejudice*, and for the expungement of felony charges in District Court not resulting in indictment.

- **PEXA** document applies to the expungement of a criminal charge not disposed as a conviction including felony charges in district court not resulting in indictment.
- **PEXC** pertains to expungement of a convicted misdemeanor, violation, or infraction.
- **PEX** prior code to PEXA and PEXC, may currently still be used erroneously.
- **OEXG/OEX** document is used to indicate the granting of either expungement petition.
- **OEXD** document is used to indicate the denial of either expungement petition.

3. Automatic Expungement

Automatic expungement process in KRS 431.076 (1)(a)⁴

The automatic expungement law (2020 HB 327), which came into effect on July 15, 2020, requires an automatic expungement of records upon the expiration of thirty days after a court enters an order of acquittal of criminal charges against a person or enters an order dismissing *with prejudice* all criminal charges in a case against a person (not in exchange for a guilty plea to another charge), unless the person objects to the expungement. Traffic infractions not classified as a misdemeanor are not eligible for automatic expungement. A petition is not required by the defendant.

- **OAE** documents **are** used when a charge is automatically expunged under KRS 431.076(1)(a).

Expungement Process	Petition/Application Document Codes	Grant/Deny/Objection Document Codes
Expungement for Felony Convictions KRS 431.073	(AFEX) Application to Vacate and Expunge Felony Conviction	(OFXG) Order Felony Expungement Granted (OFXD) Order Felony Expungement Denied

Statistics Request Description

	(PEX) Petition for Expungement prior code to PEXA and PEXC, may currently still be used erroneously.	
Automatic Expungement KRS 431.076(1)(a) (Applies to cases with all charges acquitted or dismissed with prejudice.)	No petition/application needs to be filed. <i>Note:</i> This process began in FY 2020 and will not appear in the count of petition documents for prior fiscal years.	(OAE) Order Granting of Automatic Expungement

Statistical Table (20_RS8011A (Fayette) and 20_R8011B (Jefferson))

The statistical report provides a count of distinct cases by expungement process type and is based on the application/petition entered during each fiscal year (FY) 2017 – 2026. The cases are then checked for an order granting/denying entered after the application/petition date. Orders granting/denying may occur within the same or different fiscal year than the application/petition date up until the date the report was generated.

Expungement documents entered FY 17-26 are provided for each Jefferson County and Fayette County as follows:

Page 1:

Chart 1: Provides the percentage of cases with granted and denied expungements sorted by jurisdiction and expungement application/petition type.

Page 2:

Table 1: Cases by Expungement Process Type

Provides distinct case counts by expungement process as described by the application/petition type and is sorted by jurisdiction and whether the case has an order to grant or deny the expungement. The application/petition type is based on the last entered application/petition document code entered within the case as of the report generation date. The order granting/denying is generated by searching for the first order document entered after the date of the last application/petition date. Currently, there is no link between the application/petition document to the order granting/denying. The last column contains cases with no application/petition document. These cases cannot be sorted by expungement process type as the application/petition is the document that identifies each process.

Table 2: Automatic Expungement Process

Provides distinct case counts of automatic expungements sorted by jurisdiction; no petition/application needs to be filed. **Note:** This process began in FY 2020 and will not appear in the count of cases for prior fiscal years.

Table 3: Cases with Order to Grant/Deny with No Application/Petition

Provides those cases from the last column of **Table 1** further sorted by jurisdiction, case category, and by the last document type code of the order granting/denying within the case.

Statistical Table (20_RS8011A (Fayette) and 20_R8011B (Jefferson))

- A large portion of these cases may be part of diversion agreements which may not have required a petition.
- A single expungement order of a felony conviction may apply to both a Circuit Criminal case and a District Felony case pertaining to the same defendant and incident.

Statistical Analysis Considerations:

- The statistics presented in the attached tables are a snapshot in time, as of the date the data was queried: 7/28/2026.
- Order denying (OD) and Order Granting (OG) document codes may currently still be used erroneously.
- Some instances of cases have a petition/application to expunge but do not have an order granting or denying. If the case appears as an "EX" case type, then the case is counted in the orders "granted" category. Cases which show no indication of being expunged are included in the "denied" category.
