

**Joint Committee on Local Rules  
for the  
Southern and Eastern Districts of New York**

The Joint Committee on Local Rules for the United States District Courts for the Southern and Eastern Districts of New York is composed of judicial officers from each district, representatives of each district's clerk's office, and attorneys from both the public and private sectors. The Committee assists the courts in updating and revising the Local Rules for the Southern and Eastern Districts of New York to reflect judicial experience, changes in the Federal Rules of Civil and Criminal Procedure, higher court decisions, and other developments that impact litigants. The Committee collaborates with the courts in recommending proposed amendments, which are then subject to public notice and comment.

Membership on the Committee is open to all attorneys admitted to the bar of either court, from across all practice areas, and from law offices of all sizes. A keen interest in rules of procedure, and their practical impact on litigants, is essential. Attorneys are appointed to a three-year term, which may be renewed. Membership is a form of pro bono service to the courts and the justice system; members receive no financial compensation.

Opportunities for membership on the Committee are periodically announced in notices posted on the websites of the respective courts.
